Top quotes from panellists

Natalie: 'Even if you get knocked back at a job interview, ask for feedback, keep trying and never mess up the interview as you might get a call back for that role or another if the person they hire doesn't work out. Keep your CV up to date at all times so you're at the ready for a job'

Lisa: 'Hiring for attitude is so much more important than skills. If you are enthusiastic and keen, employers will see that. Find your passion and what excites you and look for jobs in that field.'

Vladia: 'Never be afraid to ask questions at work if you're not sure. Ask for feedback on how you are going and if you don't understand something or need more information, be honest with your boss and ask for help'
