

Perform

Beacon Foundation High Impact Program

Program Purpose

Perform is specifically designed to support young people who are embarking on crucial decisions about their life after school. The program improves employment opportunities by helping students to understand recruitment trends and practices, build self-awareness for individual and team success and gain insights into common workplace expectations.

Program Outline

Perform is a high energy one-day program delivered by a professional Beacon Facilitator and supported by the participation of industry mentors from your business community.

This powerful combination ensures the students are engaged in and receiving practical, real-world tools that can be implemented immediately after completing the program.

Workshop topics include understanding workplace expectations, working effectively within a team, personal branding, interview techniques, recruitment processes, resume' preparation and personality profiling.

Bookings

For more information or to make a Perform program booking, please email jade@beaconfoundation.net

*Subsidies are available for Beacon Foundation member schools and schools with an ICSEA under 1000 are eligible for a 50% discount.

Program Success

After completing a High Impact Program, young people report feeling more confident in securing work and managing their future.

87%

increased skills to secure employment

79%

increased sense of hope for the future

74%

better prepared to face challenges

"I feel as if my future is brighter after today. I feel more motivated to work and do well in schooling. Hearing what adults had to say about their work which they love makes me inspired to work hard to be in a workforce I'm passionate about. I feel confident in going for that job, using the people skills I've been taught."
